

BNC 系列射频同轴连接器

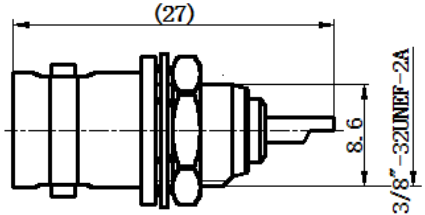

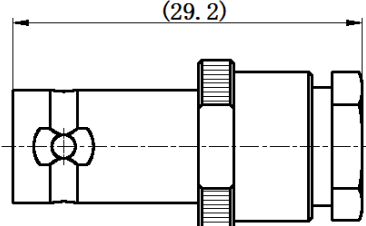

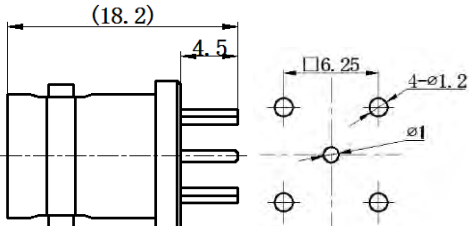

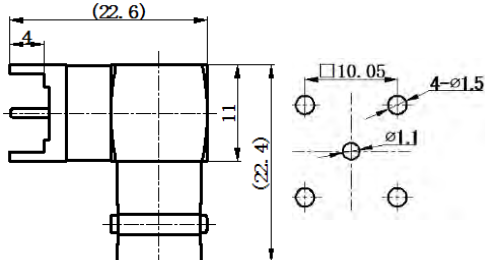

SERIES BNC RF. COAXIAL CONNECTORS

BNC 系列产品是一种卡口式射频同轴连接器，特性阻抗分为 $50\ \Omega$ 和 $75\ \Omega$ 。它具有连接迅速、接触可靠等特点，广泛的应用于计算机行业、医疗行业、无线电设备、电视广播传输和电子仪器上。

BNC series products are a bayonet RF coaxial connector with characteristic impedance of $50\ \Omega$ and $75\ \Omega$. It has the characteristics of fast connection and reliable contact, widely used in computer industry, medical industry, radio equipment, television transmission and electronic instruments.
